Subject: South 4 Group Fire - Data Request and Data Access

Importance: High

Please be advised that EPA made a request for data, both access to the data portal for the persons listed below at 8:55 this morning and 2) for data for the health consultation with ATSDR.

1. Access to the portal has not been provided.

Here are the emails – we could also use just a shared logon as well – it is up to you.

2. EPA has provided EPA data to ATSDR for the Health Consult. TPC has not provided the vast environmental data it has collected in a usable format for ATSDR at this point. As of now, the consult will be based on limited information and not take advantage of the vast environmental data collected by the TPC.

VR,
Adam
